

INTRODUCTION TO FILM MAKING

Delivered by Somerset Film (the Engine Room, Bridgwater)

Description: Introduction to Film making Workshop

Discover the fundamentals of filmmaking on this 3-hour practical workshop. You'll be introduced to a range of essential filmmaking techniques using both professional film equipment and accessible iPad filmmaking methods, making it easy to continue creating beyond the workshop.

Working as part of a film crew, you'll take part in a hands-on filmmaking exercise, 'Calling a Shot', using a prepared script. Throughout the session, you'll rotate through a variety of production roles, including directing, camera operation, sound and more, giving you valuable insight into every stage of the filmmaking process. Whether you're completely new to filmmaking or looking to build your confidence behind the camera, this workshop offers a fun, collaborative introduction to the creative and technical skills involved in bringing a story to the screen.

Tutor: Dan Gale, Technical Manager at the Engine Room.

An established local filmmaker, Dan has worked with the organisation since The Engine Room opened in 2003. He is patient, enjoys a challenge and is detail orientated.

This Workshop will take place in the Quantock Building (Youth Club) at the Victory Hall, Stogursey.

Time: Wednesday 26th August, from 6 – 9 pm.

Numbers: Maximum 10 participants

Materials: Participants should bring iPhones/iPads if available.
